

The City of St. Augustine Beach

Application For Land Clearing Permit

AN INSPECTION OF LOT TO BE CLEARED OR TREES TO BE REMOVED SHALL BE DONE
BEFORE A PERMIT IS ISSUED

The undersigned hereby applies for a permit to perform excavation, tree removal or land clearing on PRIVATE
PROPERTY located within the City limits.

OWNER'S NAME: _____

OWNER'S ADDRESS: _____

LOT: _____ BLOCK: _____ SUBDIVISION: _____

911 ADDRESS OF SITE: _____

TYPE: EXCAVATION/LAND CLEARING/TREE REMOVAL: _____

FOR WHAT PURPOSE: _____

ESTIMATED TIME FOR COMPLETION: _____

PLANS FOR DISPOSAL/REMOVAL OF EXCAVATED OR CLEARED MATERIALS: _____

NAME OF CONTRACTOR: _____ LICENSE: _____

ESTIMATED COST: _____

Applicant shall submit a survey indicating location of new home to be constructed along with trees to be left
on property. Trees to be left are to be tagged.

WETLANDS CERTIFICATION: I understand only a field inspection of the site can reveal areas that are
inundated or saturated often enough to support a prevalence of vegetation adapted for life in saturated soils.
I also understand construction in such Wetlands is severely restricted and requires prior approval of the
regional or federal wetlands agency having jurisdiction and that no City permit may supercede or replace these.

NOTE: Isolated wetlands include platted building lots as small or smaller than 50' X 93'.

A "YES" or "NO" answer for every question below is necessary. Please circle the proper one.

1. I am thoroughly familiar with the site from field inspections and have looked for marshy,
swampy, boggy or vegetative conditions that may indicate Wetlands. YES or NO
2. My observations indicate a Wetland condition may exist on the proposed site. YES or NO

If YES, I understand a formal "preliminary Wetlands Evaluation" from a consultant engineer or from the regional
federal wetlands agency having site jurisdiction must be submitted stating the exact proposed site lies
outside wetlands before City permitting. Or, a formal permit **allowing** the proposed construction in the
Wetlands issued by the federal/regional wetlands agency of site jurisdiction has been obtained by the
applicant and is attached, since **NO CITY PERMIT CAN AUTHORIZED WETLANDS USE.**

I hereby certify the above to be true information and agree to perform said work in accordance with plans and
the above details, which are considered a part of the agreement and to comply with the Ordinances and Code
of the City of St. Augustine Beach. Any alterations or deviations from the above details shall be submitted in
writing and permission granted before making changes. No contractor or sub-contractor will be permitted to
perform work under this permit until a Certificate of Competency is obtained from the City of St. Augustine Beach.

Signature of Owner/Agent

Date

NOTE: IF AGENT, NEED PERMISSION LETTER FROM LOT OWNER
