Max Royle, City Manager

Quarterly Update

The City's budget year began on October 1, 2020 and will end on September 30, 2021. To stay informed about significant projects and purchases during the year, the City Commission asked the staff to prepare a report each quarter. Here is the third quarterly update.

American Flag Rescue Program

The American Flag Rescue (AFR) program was initiated in 2019 after St. Johns County Solid Waste Management staff observed worn and damaged American flags in drop-off garbage containers at the Tillman Ridge facility. Although some flag collection containers already were in place in several stores that sell American flags, more collection points were clearly needed. The initial shipment of new flag collection boxes was funded by local radio personality Kevin Geddings. These units were placed in St. Johns County libraries. Of the nearly 1,000 flags collected in 2020, about 10% were reusable and these are available to the public. Damaged flags are retired according to established protocols by local Scout troops and veteran's organizations. An American Flag booklet provided by Supervisor of Elections Vicky Oakes is also available. For information about flag collection/retirement or site participation, contact Chris Benjamin at (904) 827-6980 or cbenjamin@sjcfl.us. Flags can be dropped off at City of St. Augustine Beach City Hall.

Q & A Ocean Hammock Park

This Q&A concerns Ocean Hammock Park which is located on the east side of A1A Beach Boulevard between the Bermuda Run and Sea Colony subdivisions.

At this time the Commission is reviewing possible options to provide amenities, such as restrooms and picnic areas. To date, here are the questions the City has received and my responses to them. This Q&A will be updated as new questions are received.

Climate Survey Results

CITY OF ST AUGUSTINE BEACH'S CLIMATE CHANGE SURVEY RESULTS

Nearly 70% of all respondents said they are motivated to reduce their personal climate change emissions.

Less than half of the respondents have taken Florida Power & Light's energy audit, but it appears that residents are open to learning more about energy savings programs, including renewal energy offerings.

"The greatest threat to our planet is the belief that someone else will save it."

Robert Swan

While most people take simple actions like turning off lights when they are not needed and running the dishwasher/washing machine only when full, many have taken larger steps like installing ceiling fans, replacing old appliances with energy-efficient ones, and using rainwater barrels.

This Survey was Conducted and Illustrated by:
The City of St Augustine Beach's SEPAC
Sustainability & Environmental Planning Advisory Committee
